Owners of such equipment will be notified in writing that they have five (5) days to repair or remove the equipment. If after proper notification the equipment still is unusable to move cargo and remains on the facility in a damaged condition, a storage charge of \$26.10 per day will be levied until the equipment is repaired/removed and/or authorization is received for arrangement of necessary repairs. Containers or chassis that do not receive repair approval within 5 days of estimate may be stacked at NEW ORLEANS TERMINAL discretion. Retrieval of that equipment will be charged a fee of \$52.90. As an alternative to accruing storage charges on heavily damaged empty containers or chassis and based upon written transfer release from actual owner of equipment assigning ownership to NEW ORLEANS TERMINAL, Terminal Operator will arrange to dispose/remove damaged containers from the terminal for an administrative fee of \$1,203.00 per each container.</p> <p>STORAGE FOR EMPTY CONTAINERS Empty containers, whether on chassis or grounded in the yard park, shall be charged storage according to the following formula: Free allocation of empty containers shall be computed as 1 times the weekly average heavy leg loaded container volume in TEU. “Heavy leg loaded container volume” is defined as the higher of the average vessel discharge loaded container volume or the loading loaded container volume in TEU on a weekly basis. This average shall be calculated annually based on October 1 to September 30 and will be applied based upon the prior years’ calculation. For new services, the calculation will be based on the first 8 weeks of activity and applied retroactively until such time as there is 3 months’ worth of activity, at which point the calculation will be redone and will be used until such time as the October recalculation is done. Any excess empty container TEU’s beyond the above-calculated amount shall be invoiced at a rate of \$3.90 per TEU per calendar day of excess.</p> <p>FREE TIME AND APPLICABLE DEMURRAGE CHARGES ON LOADED CONTAINERS</p> <p>Import: loaded containers shall be stored free of charge for Respective Shipping Line for the first 7 consecutive calendar days.
